

Barnstormer

J&D Manufacturing's Barnstormer is a dependable leader in air recirculation. The patented easy-open a dependable leader in air feature that drastically reduces cleaning and maintenance time.

The Barnstormer's tapered guard creates a high velocity air pattern that allows greater distance between fans, which means less fans in your barn and more money in your pocket.

Patented Open Front Guard

The Barnstormer is the only fan on the market with the hinged open front guard. This patented design helps cut cleaning and maintenance time. Dirt and dust are removed in minutes to get you right back to energy-efficient, high-output performance.

Features

- Patented open front guard for easy maintenance (U.S. Patent No. 5,348,447)
- Fan ships fully assembled
- Includes hot dip galvanized ceiling mount bracket
- Industry leading air velocity
- Quiet operation
- Direct drive motors with no belts or bearings to maintain
- Guards are white powder coated for easy cleaning and corrosion resistance
- Totally enclosed, maintenance-free, direct drive high-efficiency motors have completely sealed ball bearings, UL and CUL certification (*File# E219338/E315335*), and are covered by a **Two Year Warranty**
- Single phase models have automatic overload protection
- Can be used with our misting/fogging product line

Barnstormer

Part#	Size	HP	Volt	Amps	Hz	Phs	Spd	KW	RPM	Thrust CFM	Blade
VBS24	24"	1/2	115/230	4.8	60/50	1	S/Var ^	.459	1,716	5,300	3- Alum
VBS36CF	36"	1/2	208-230/460	4.8	60/50	3	1	.618	818	9,910	3-Galv

All units are DD (Direct Drive) with white guards and include the corresponding hot dip galvanized standard flag mount bracket. Cord NOT INCLUDED. Models pre-wired with a cord are available on special order with price adjustment.
 ^ Variable speed fans require separate variable speed control to adjust fan speed.
